EDUCATION

Ohio State University	Expected May 2027
Ph.D. in Agricultural, Environmental, and Development Economics	
Michigan State University	2017
M.S. in Agricultural, Food, and Resource Economics	
Chulalongkorn University	2013
B.S. in Economics	

WORK EXPERIENCE

The Ohio State University	2023-Present
<i>Instructor</i>	
• Introduction to Sustainability	Fall 2026
<i>Lab Instructor</i>	
• Introduction to Sustainability	Spring 2026
<i>Research Associate</i>	
• Conduct focus groups and choice experiment surveys with Ohio landowners	2025-2026
• Prepare geospatial datasets of farms in the Maumee River Watershed	Summer 2025
• Analyze Ohio's forest carbon using USDA FIA data	Summer 2023 & 2024
<i>Teaching Associate</i>	
• Energy, the Environment, and the Economy	Fall 2023
• Principles of Food and Resource Economics	Spring 2023
Climate Change Management & Coordination Division (UNFCCC National Focal Point)	2019-2022
(Current Department of Climate Change and the Environment, Bangkok, Thailand)	
<i>Environmentalist</i>	
• Prepare national GHG inventory for Thailand's agricultural sector, used in Biennial Updated Reports to the UNFCCC and for guiding policy formulation	
• Work with domestic and international agencies and experts to improve the MRV system of national inventory and mitigation actions	
• Attend and synthesize UNFCCC sessions on transparency and national reporting	
• Monitoring and guidance committee for the Division's projects, including projects on:	
○ Assessing factors influencing carbon sequestration potential in the agriculture sector	
○ Preparing recommendations from IPCC Special Reports for policy and education	
Cooperative Promotion Department (CPD), Bangkok, Thailand	2017-2019
<i>Cooperative Technical Officer</i>	
• Provide guidance and support to agricultural cooperatives and vocational groups	
• Develop and maintain a national subsidy tracking system, co-op databases, and CPD website	

Research Associate

- Conduct surveys with Thai agricultural cooperatives' managers

WORK IN PROGRESS

- Private vs Public Forest Conservation: The Impact on US Forest Outcome
- Estimating the Cost of Overcoming Additionality and Permanence Questions in Carbon Sequestration on Farms and Forests (with Brent Sohngen)
- The Economics of Removing Dredged Material from Confinement Facilities in the Great Lakes: An Example from the Maumee River Watershed and Toledo Harbor (with Brent Sohngen, Nyonho Oh, Sami Khanal, Angélica Vázquez-Ortega, and Carlos D. Soto)
- Dynamic Land Use, Emissions, and Climate Change (with Hyeseon Shin and Yongyang Cai)

CONFERENCES

Agricultural & Applied Economics Association (AAEA) Annual Meeting 2026

AWARDS AND HONORS

Royal Thai Government Scholarship, a full scholarship for M.S. in applied economics 2015-2017
Chulalongkorn University Bachelor's Degree 2nd-class Honor Award 2013

SERVICE

Moderator, Carbon Academy Graduate Student Workshop 2026
Speaker, Carbon Academy Undergraduate Student Workshop 2025
Current Student Representative, Prospective PhD Student Information Session 2024
Interviewer, Graduate Program Manager Search 2024
Volunteer, Bangkok School for the Blind 2018
Volunteer, World Blind Union Conference 2012
Committee Member, Faculty of Economics' Environmental Club 2012-2013
Volunteer, Chulalongkorn University Environmental Camps & Rural Development Camps 2010-2012

PROFESSIONAL DEVELOPMENT

Teaching & Learning Symposium (by OSU CFAES) 2025
Carbon Academy Graduate Student Workshop (by OSU Lal Carbon Center) 2025
IPCC Agriculture Greenhouse Gas Inventory Certificate (by GHG Management Institute) 2022
Geospatial Data & Earth Science Technology for Climate-Smart Agriculture (by ASEAN ARTSA) 2022
Skills-Building for the UNFCCC Negotiations (by Women's Envi & Development Organization) 2018

OTHER

Software ArcGIS, Stata, Python, R, Excel & MS Office Suite, MATLAB
Language Thai (native), English (fluent), Chinese-Mandarin (elementary)
